# NORCO Products

*“If you can dream it, we can build it.”™*

For nearly 40 years, NORCO has operated in the heart of Montana’s Big Sky Country, contributing hundreds of jobs to the local manufacturing economy.

In the early years, NORCO specialized solely in custom-manufactured cabinets. Today, NORCO builds a wide variety of versatile office, storage, classroom and unique custom-made furniture that is regularly shipped to clients in all 50 states and 7 countries.

NORCO was the first manufacturer to conceive the Year Round Education (YRE) concept, and the first to introduce American classrooms to the standardized YRE furniture system.

---

# FEATURES

All cabinets with double doors are equipped with a positive security locking mechanism which locks both doors, keeping contents intact while cabinet is being transported between schools or moved from classroom to classroom. The motion lock is spring loaded for easy lock and unlock.

**Norco** offers recessed side handles mounted on the sides of the cabinet with 1 5/16" polished chrome rounded steel tubing. Cabinet can be moved easily from room to room.

Hinges are screwed directly to an all metal frame. Hinges are Class "A" Industrial 270° swing, allowing doors to fold back to cabinet sides.

**700 lb. Rating per Caster**  
**2800 lb. Rating Per Cabinet**  
**Heavy Duty Caster Specifications (5")**  
Wheels are 5" in diameter with a minimum rating of 700 pounds each. The Plexite wheel is molded of a phenolic resin compound and equipped with Timken Bearings. The caster tread width is 2". The **Norco Heavy Duty Caster** is a precision-built swivel caster with two perfectly aligned swivel raceways. Top plate is 5" x 5 1/2", .225 thick, case hardened, zinc plated vibratory finish.

## NORCO CABINET SPECIFICATIONS

Norco offers a wide range of high density laminate colors. Norco's modular panel system has high density laminate on the interior and exterior of the cabinet. Bonded under heat and pressure to substrate without using glues. All laminates are guaranteed not to delaminate.

Norco laminates meet and exceed all NEMA LQ1-1977 general duty decorative laminate standards. These include stains, scratches, heat, impact and wear standards.

Norco does not use foil or vinyls which can delaminate under normal use.

Norco cabinets have the only stand alone frame. When a panel or part is removed, the cabinet will not fall apart. Norco cabinets meet earthquake codes for construction and size requirements.

Norco's casters are rated at a minimum of 300 lbs. capacity per caster. Casters are bolted to all welded unitized steel frames. Casters cannot be bent or sheered off when loaded (1200 lbs.) to capacity.

Norco casters have the highest rating of all mobile furniture.

Norco cabinet hardware is all Class I institutional grade. (For example, hinges are heavy duty 270° non-racking).

Norco offers all plastic laminate construction of doors, drawers and shelves. The plastic laminate construction is soft and quiet.

Norco's modular panel system has all radius corners with vinyl molding trim for a safe and user friendly cabinetry system.

Norco offers the widest range of mobile cabinet styles and configurations in the industry.
